

Please note: References are given for the current Cub Scout handbooks. It is the responsibility of each scout's parents and cub master to determine whether or not sufficient participation in, and mastery of each activity was achieved by the scout. Attendance at Cub Scout Day does not imply participation in all activities shown. Where several options for achievements and electives are given, it is the decision of the parents and/or Den Leader, which to credit with "Akela's O.K." in the handbook.
